## ***Attention: Parents and Students (K-12<sup>th</sup>)***

Contemporary School of the Arts & Gallery, Inc (CSAGI) is seeking partnership this school year, 2011-12 to provide transportation for students from school to the art gallery location, at 4 West Franklin Street. This is an opportunity for children to receive hands-on training, skills, and information on various mediums of art design, history, and culture through our **FREE AFTER SCHOOL ART PROGRAM!** The program will run generally consecutive with the regular school year, with a beginning date of September 12<sup>th</sup> and an end date of May 31<sup>st</sup>. The art program will operate Monday thru Thursday from 3-7pm. A light snack will be provided. As for end of day transportation, parents will be responsible for picking up their student by 6:45pm. Immediate schools considered for transportation include, but not limited to: Bester Elementary, Winter Street Elementary, Fountaindale Elementary, Pangborn Elementary, Salem Avenue Elementary, E. Russell Hicks Middle, Northern Middle, and Western Heights. This year we are trying something different. Mondays will be offered for the focus of Elementary students, Tuesdays will be offered for middle-school students, Wednesdays will be offered for all students with the focus on music lessons for this day, and Thursdays will be offered for Washington-County high-school students. In order to properly prepare for this program, the art gallery would prefer pre-registration. We will require a signed permission form, in order for all students interested to be permitted to attend. We will also be accepting students who would like to work towards completing their student service learning hours to assist and help facilitate the program if this is an area of which we can help older students who have an art interest.

Sincerely,  
Ron Lytle
